THE PINEHURST LINE

25 years after its introduction Molitor's Pinehurst Tray Cart is still unique, still original - only now there are **3** great Pinehurst Carts all sharing those features which have made the Pinehurst THE Tray Cart. Features like: **ABS Plastic Trays** - scuff and stain resistant, one-piece sanitary design, resist heat up to 190°, long-lived, easily replaced; **Exclusive Shock-Absorbing Base** - now made of black wrought steel for greater strength and longer life, stylish yet sturdy - built to take it; **Large 4" Diameter Casters** - all swivel for superior maneuverability, cart rolls easily over carpet, tile, brick, thresholds; **Colors** - trays available in colors to complement any decor, handsome yet unobtrusive; **NSF Certified**; and they are **Inexpensive** - dollar for dollar the Pinehurst line of tray, bus and service carts is your best buy.

From the quality leader in partable service equipment-

THE PINEHURST SERVICE CART

- A third generation tray, bus and general service cart
- Incorporates all the best features of the original Pinehurst Tray Cart plus reduced height for working at dining tables and additional space between trays - now 13" clear
- The perfect tray cart, an ideal utility cart, the most versatile bus cart in the industry (See Combos Pg. 3)
- ABS leather finish plastic trays in two colors - resist heat up to 190°
- Exclusive shock-absorbing black wrought steel base
- Easily replaceable trays (See Pg. 4)
- 18" x 24" x 32" high
- 4" diameter swivel casters
- NSF Certified
